**Subject:** Time to talk on the antidegradation write-up

Hi Sanjay, I talked with Mike about your conversation on the antidegradation analysis for the Leavenworth National Fish Hatchery permit. He said you were interested in talking with me further on the analysis.

Here are my available times:

Today – now until 4pm

Thursday - 11:30-3:30 and 4-5pm.

Friday - 9:45-10:30 and 2-3pm.

Monday - all day.

I also have some flexibility on Friday if Monday doesn't work for you. In the meanwhile, I can add information we have on formalin to provide more site-specific information. Feel free to let me know when you would like to call and I can send an invite.

Thanks,  
Jenny Wu
